Co-Curricular Code of Conduct

When we choose to see children
not for their **weaknesses**
but for their **strengths,**
not for their **wrongs**
but for their **rights,**
not for who they **were**
but for **who they are & can be**
They will *rise to the occasion*
outshine every expectation
& become **the person**
they were always meant to be.

Waterford Union High School Co-Curricular Code of Conduct

STATEMENT OF PHILOSOPHY

Participation in Waterford Union High School co-curricular activities are an integral part of the Waterford Union High School curriculum, which is a privilege and should elicit great pride in both the student and his/her family. While our number one goal as a school district is to provide a sound academic experience for all of our students, co-curricular activities provide unique opportunities for students to promote their mental, physical, social, and emotional development. By providing a strong co-curricular program, Waterford Union High School extends the privilege of enriching the mind and body to any student meeting district, Wisconsin Interscholastic Athletic Association (WIAA), and any applicable governing body's requirements. Like anything of value, it comes with a price tag; that price tag is a commitment from you to follow established rules. Co-curricular participants who comply with this code of conduct demonstrate a desire to dedicate themselves to self-improvement, as well as, to enhance the best interests of fellow teammates, advisors/coaches, and school. If accepted, this privilege carries certain responsibilities, and the following co-curricular code presents these responsibilities.

ELIGIBILITY

These Rules of Eligibility are established by the Wisconsin Interscholastic Athletic Association (WIAA) and are supplemented with Waterford Union School District rules.

1. **Enrollment** – Students must be full-time students of Waterford Union High School.
2. **Age** – Students must be under 19 years old as of August 1st of the school year.
3. **Semesters** - Students participating in high school athletics have only eight (8) total semesters of eligibility that begins upon entering 9th grade.
4. **Participation** – Coaches and Advisors may have specific criteria to making a team or roster of the activity based on positions available, skills needed, and time commitments. Therefore, not all students wishing to go out for the intended team or club may make the final rosters. Rosters will be considered final two weeks after the WIAA start date for the school sponsored sports. Any student wishing to join must have approval from the Co-Curricular office to join a sport/activity after two weeks into the season. A co-curricular participant will not be eligible to participate in a sport/activity once season has already begun to alleviate a code violation consequence. The student must be out for the sport/activity from the first day and finish the season in good standing.
5. **Code of Conduct Meeting-** All sport, club, and activity participants must attend a Co-Curricular code meeting with a parent/legal guardian prior to the first time a student is involved in an extra-curricular activity at Waterford Union High School. The pink form signed at this meeting binds the student to the co-curricular code of conduct rules and expectations through the student's graduation from Waterford Union High School.
6. **WIAA Physical Clearance Form** - A current physical exam is needed to participate in WIAA sponsored athletics, as well as, the activities of cheerleading, dance, and powerlifting. Physicals dated between 4/1/18 through 3/31/19 are good for the 2019-2020 school year. Physicals dated after 4/1/19 are good for the 2019-2020 and 2020-2021 school years.
7. **Co-Curricular Permission Slip for Athletics** -The 2019-2020 WUHS Co-Curricular Code of Conduct and the 2019-2020 WIAA Eligibility Bulletin must be read prior to signing and turning in this form. This form is to be turned in by all athletes prior to their first sport at WUHS. The form is signed once each year and covers all sports an athlete is involved in. By signing the co-curricular permission slip for athletics, a contract forms and obligates the student and parent to comply with the rules set forth by the Co-Curricular Code of Conduct and the WIAA Eligibility standards. **The Co-Curricular Code of Conduct is in effect for all 12 months of a year.**
8. **Concussion Form for Athletics** – Students participating in athletics will be required to sign the Department of Public Instruction and Statute 118.293 Concussion Law-Parent and Athlete Agreement each school year. The form is signed once each year and covers all sports an athlete participates in.
9. **Athletic Fees** - Students wishing to participate in any of our WIAA sports or the WUHS activities of cheer, dance, and powerlifting are required to pay a \$45.00 per sport fee (family cap of \$180.00). The fee must be paid prior to the start of participation in the activity. A student cut from a team for which he/she tries out may request to have the fee refunded. **The request must be made before June 1, 2020. A student quitting a team or dropped for disciplinary or academic reasons is not eligible for a refund.**
10. **Co-Curricular Permission Slip for Activities** – Students participating in a WUHS club or activity will be required to sign a Co-Curricular Permission Slip. This form is to be turned in by all club participants prior to their first club or activity at WUHS. The form is signed once each year and covers all clubs and activities a student is involved in. By signing the Co-Curricular Permission Slip for activities, a contract forms and obligates the student and parent to comply with the rules set forth by the Co-Curricular Code of Conduct. **The Co-Curricular Code of Conduct is in effect for all 12 months of a year.**

11. **Activities Fees** - Students wishing to participate in any of our clubs or activities are required to pay a \$15.00 fee (additional transportation fee of \$5.00 for FFA and Forensics) for the school year. The fee must be paid prior to the start of participation in the activity. **A student quitting an activity or dropped for disciplinary or academic reasons is not eligible for a refund.**
12. **Medical Release** – As needed, the release of medical information is shared among health care and school professionals toward the benefit and care of the individual student-athlete. Students that need to see a physician for an injury or illness that removes a co-curricular participant from competition or school, must have a medical release from a physician to return to the sport/activity.
13. **Emergency Information** - Please make sure the most up to date and accurate information is on file with the Co-Curricular office and the high school. At the beginning of each activity, a printed roster with emergency information from Power School are given to each coach and advisor for emergency contact information.
14. **Athletic Equipment Checkout** - All participants receiving equipment will be responsible for the equipment issued. Coaches will keep a list on file of all checked out equipment. No equipment may be worn by a participant except at an official practice or scheduled contest (unless authorized by the coach). Lost or stolen equipment is the responsibility of the participant who has checked out the equipment. Any participant in possession of stolen property from visiting schools will be subject to discipline by Waterford Union High School.
15. **Locks** – All students are encouraged to lock all items in an athletic locker at all times. The Waterford Union High School Co-Curricular department does supply locks and is not responsible for lost or stolen property. All items must be removed from the lockers and locker rooms within two days following the end of each season, and materials left in lockers after the season will be discarded if the locker is not renewed for the next season or cleaned out.
16. **Return of Uniforms, Equipment, and/or Satisfaction of Fines** - Students that do not return their equipment or pay their fine(s) will not be allowed to practice or play in any future sport season or participate in WUHS club/activities until their obligation is met.
17. **Residence** – A student is ineligible to participate in an interscholastic team if he/she does not reside in the Waterford Union High School District, unless his/her residence has been approved by the WIAA, or is an approved full-time student through open enrollment, tuition waiver, or an approved full time student through the foreign exchange program.
18. **Transfer Students** - Students who were not enrolled in the School District of Waterford Union High School at the end of the previous school year are required to comply with all WIAA provisions regarding transfer students. Transfer students are considered ineligible until records are received from their past school(s). Transfer students may not compete in any contest until it has been officially determined they are eligible at WHS. All student/athletes who transfer to Waterford through change of residence, open enrollment, tuition payment, etc. are not automatically eligible unless all WIAA rules are followed. For clarification or information on the WIAA rules, please contact the Athletic/Activity Director.
19. **Dual Participation**- An athlete may participate in only one (1) sport per sport season. A sport season is defined as fall, winter or spring. Exceptions for special circumstances may be approved by the administration.
20. **Changing Sports**-Any student who wants to change from one sport to another once the season has officially started must bring a written request from his/her parent/legal guardian and show the request to the head coach of each sport. The student must then meet with the Athletic/Activities Director and explain the reasons for the requested change. After conferring with each head coach and the student, the Athletic/Activities Director will approve or deny the request. No student who is dismissed from one sport for disciplinary reasons, may be eligible to compete in another other sport during the same season.

21. **Activity Conflict Guidelines**-Coaches and/or activity advisors should carefully check their student rosters to anticipate possible performance conflicts. It may be that a student will have to choose one activity over another rather than be a “part-time performer” in two or more activities. When a student has a conflict because two or more activities are scheduled at the same time, coaches and advisors should work together to avoid the student being “caught in the middle.” The following will apply:
- a. A performance (i.e. game, meet, contest, play, etc.) has priority over a practice or a rehearsal.
 - b. If a practice occurs at the same time in two activities, the practice time is divided equally between the two activities. NOTE: A student participating in two activities can be difficult, but in cases where coaches and advisors can agree, participation is allowed.
 - c. If a performance in one activity conflicts with a performance in another activity, the student is permitted a choice without penalty. The Principal or Athletic and Activities Director will act as an arbitrator if disagreement or conflict arises.
 - d. **Exception:** Participation in a conference playoff or championship meet, district, or state tournament activity (including regional and sectional levels) takes priority.
22. **Unsportsmanlike Conduct:** The W.I.A.A. and Southern Lakes Conference rules will be applied to any WUHS athlete involved in any unsportsmanlike conduct, which results in ejection from an athletic contest. The ejected athlete will be suspended from the next contest.
- a. The intent of this rule is that any player ejected will sit out of the next game whether it is a conference game, a non-conference game, or a W.I.A.A. tournament game. This includes season-to-season and year-to-year. This rule is enforced for all sports and all levels.
 - b. The student ejected may not dress in uniform for competition or participate in warm-ups or competition during the suspension. He/she will sit on the team bench in street clothes.
 - c. Athletes ejected from a contest will be expected to submit in writing an explanation of the incident to the Athletic and Activities Director. The written explanation is due prior to the next practice or contest.
23. **Award Policy**-Head coaches and Advisors will establish specific criteria for granting athletic and activity awards for their sport or club for participants and managers. The policy should indicate criteria and be communicated at the start of their season or activity to the Co-Curricular Office, parents and students.

RESPONSIBILITIES

It is important to understand that participating in co-curricular activities is a privilege and not a right. You are expected to share in the responsibility for such an opportunity:

Responsibilities to You: The most important of these responsibilities is to broaden and develop strength of character. You owe it to yourself to derive the greatest benefit from your high school experiences- to live a healthy lifestyle and to respect your health both physically and mentally at all times.

Responsibility to Your Academic Studies: Your academic studies and your participation in other co-curricular activities prepare you for your life as an adult. Co-curricular activities, while very important to the development of young people, are only one facet of life.

Responsibilities to Your School: Whenever participating or being involved, you are representing your school at all times. Waterford Union High School cannot maintain an expectation of and adherence to excellence unless you do your best in the activity in which you are engaged and are a positive role model. Other students, faculty, and community members are looking to you- they know who you are, what you do, and what WUHS stands for. Make them proud, be an example, and do not do anything to let them, or yourself, down.

Responsibility to Your Community: The community and school tax monies make this co-curricular activity experience possible. For that reason, we must remember we hold a clear and paramount responsibility to our community. You assume a leadership role when you are involved with a co-curricular activity. The student body and citizens of the community know you. The student body, the community, and other communities judge our schools by your conduct and attitude, both on and off the field. Because of this leadership role, you can contribute significantly to school spirit and community pride. Our desire is that our students are a class act and that we are known as a program of character and excellence. Assure that Waterford Union High School and the community may be proud of you through your consistent demonstration of these ideals.

Responsibility to Others: As a team member you also bear a heavy responsibility to your family and friends. When you know you have lived up to all of the training rules, you have practiced to the best of your ability every day, and you have participated in the activity "all out"; you earn your self-respect and the respect of your family and friends. You make them proud to be a part of what you have accomplished.

Responsibility to Younger Students: The younger students in Waterford Union district are watching you. They know who you are and what you do. Elder co-curricular participants are role models for the younger students who form the future of the WUHS co-curricular programs and their successes. Make them proud of being a part of the programs by leading through positive example and unwavering work ethic.

CODE OF CONDUCT RULES, MISDEMEANORS, AND VIOLATIONS

As a co-curricular participant, it must be understood that this code of conduct program is not designed to be a punishment but a deterrent to your becoming involved in the risky and dangerous behaviors. It is also to insure that you have the best possibilities to succeed in your activity and to learn the valuable lessons co-curricular activities can teach. Because your mental and physical well-being is essential to your success, we want you to reach your full potential. We expect you to be an active part of the solution, and not a contributor to the problem.

CODE OF CONDUCT RULES

The following rules will apply to each co-curricular participant and will be in effect at all times during the co-curricular season. Each activity advisor/coach also has the prerogative to establish and implement additional rules specific to his/her particular program. Advisors/coaches are expected to share these in writing with their participants and their parents/guardians within the first week of practice. A copy of these additional guidelines and expectations will be on file in the Co-Curricular Office.

CODE OF CONDUCT MISDEMEANORS

The following misdemeanors will apply to each co-curricular participant and will be in effect at all times. The following misdemeanors are unacceptable and the Administration and/or Athletic and Activities Director reserve the right to impose a penalty as deemed appropriate by the severity of the infractions which may include the suspension from practice and/or competition. To remain in the presence of this illegal activity shall constitute a violation of the code of conduct.* We strongly recommend participants avoid social activities where such conduct is likely to occur. Parental responsibility is encouraged and appreciated.

Note: Co-curricular participants should encourage as many classmates as possible to leave with them.

*The intent of the "presence at a party" is not to deny participation with adult family members in gatherings such as weddings, anniversaries, or other family gatherings.

Hosting a Party: A student or students deemed responsible for hosting a party where smoking/alcohol/controlled substances are served or consumed. Note: A student shall not be in violation of hosting a party if the student can provide tangible information that he/she was not aware smoking/alcohol/controlled substances were brought to their house or that, after becoming aware that smoking/alcohol/controlled substances were present, the student notified an adult and asked the responsible parties to leave.

Cyber Image Policy: Any identifiable image, photo, or video which implicates a co-curricular participant to have been in possession or presence of alcohol and/or drugs or portrays actual use, or out of character behavior or crime, shall be confirmation of a violation of the Code. Since there is no way to establish a timeframe for when or location of where the image was taken, it shall be a responsibility that the co-curricular participant must assume. It must also be noted there may be persons, who would attempt to implicate a co-curricular participant, by taking such images, to place them in a situation where they might be in violation of this code standard. This is our rationale for demanding that our co-curricular participants not place themselves in such environments.

PENALTIES FOR CODE OF CONDUCT VIOLATIONS

Due to the differences in the nature of club or athletic activities offered, the same disciplinary measures are not always appropriate for all clubs and athletic activities. For this reason the Advisor and the Athletic and Activities Director will modify the penalty to fit the appropriate percentage based on the violation. Students who participate in both athletics and activities should understand that in the event of a violation, they are subject to discipline in both areas.

- The penalty for that season will be imposed immediately following the violation.
- When calculating the number of contests to be forfeited, any amount that results in a decimal remainder of .1 or greater will be rounded to the next whole number (per WIAA rules of eligibility).
- The student will be ineligible for all co-curricular activities (clubs and sports) during the period of suspension and prior to approval of a reinstatement request.
- During the period of the suspension, the student is required to attend team meetings and practices and must participate in every team/group activity, but may not compete.
- For athletic activities in which the number of contests forfeited is greater than the number that remains in the season, the remainder will be carried over to the next athletic season in which the athlete participates. Numbers of performances may vary yearly. The penalty will be determined using the actual schedule for the current school year.
- In the event that a student has been suspended from participation for an extended period but will become eligible during an upcoming season or schedule of activities, that student will be allowed to participate in tryouts for that activity.
- If a violation occurs during the postseason WIAA tournament, by WIAA rules, the participant is ineligible for the entire tournament series.

- **The co-curricular code is in effect year-round.** All suspensions will be the same whether the violation occurs while the student is in a sport and/or activity or if it occurs during the off-season. If a student interrupts his/her education for any reason, the suspension (if not completed) will resume when the student returns to Waterford Union High School.
- **Each act or event of an activity is treated separately upon investigations and may result in multiple violations given during a single investigation period.** For example, a co-curricular participant is caught for drinking on one occasion, during the investigation, it is found that they were involved in a party from the week before, two different situations, therefore two violations.

Note: Students who are suspended from a competition for a code of conduct violation will not be allowed to be in uniform at an event.

- **“Contest” Defined: A contest is defined as one regularly scheduled event (game, meet, competition, etc.) within Wisconsin Interscholastic Athletic Association (WIAA) or other organizations’ sanctioned definitions as appropriate.** For sports, if a violation occurs during the postseason WIAA tournament, by WIAA rules, the participant is ineligible for the entire tournament series. Multi-team meets or invitational will be counted as one contest.

Code Violations	Consequences			
	1 st Violation	2 nd Violation	3 rd Violation	4 th Violation
Criminal Behavior	50%	100%	Calendar year	High School Career
Chemical Health Violation	50%	100%	Calendar year	High School Career
Presence at a Party	25%	50%	100%	Calendar Year
Cyber Image Policy	50%	100%	Calendar year	High School Career
Habitual Truancy	50%	100%	Calendar year	High School Career
Hosting a Party	50%	Calendar year	High School Career	

- **Students participating on athletic teams or in an activity will be suspended from participating in the scheduled amount of contests for the current school year. When calculating the number of contests to be forfeited, any amount that results in a decimal remainder of .1 or greater will be rounded to the next whole number (per WIAA rules of eligibility).**

SELF-DISCLOSURE

Any co-curricular participant who chooses to come forward to the administration and admit a code violation prior to the commencement of an investigation will receive a two (2) contest suspension from activities and athletics. The student needs to complete **all** aspects of the “Co-Curricular Self Disclosure” form. This will be administered only once during a student’s high school career. This option is available to first time offenders only and is considered a first violation.

PENALTY REDUCTION FOR HONESTY AND INTEGRITY

For a first and second offense only, students who admit to reported violations may receive one-half of the consequences imposed. Non-honesty is considered not cooperating or attempting to deceive school officials. A student who is not honest during an investigation of a possible code violation, may receive a full penalty for the code violation if deemed so by administration. Subsequent violations of the code will be treated as any other repeat violation of the code and the normal penalties for such violations shall be imposed.

COUNSELING FOR CHEMICAL USE AND SERIOUS MISCONDUCT (Controlled Substance and Alcohol Assessment/Student Assistance Program)

Should a co-curricular participant become involved in a Student Assistance (SA) Program or outside AODA program on a voluntary basis during the school year, the information remains confidential and no consequence can be enforced. However, if a code violation is discovered by the Administration during or after voluntary participation, co-curricular discipline procedures will be carried out.

Note: Failure to follow guidelines in the program will cause the original penalties to be restored.

CODE OF CONDUCT VIOLATIONS REINSTATEMENT

All students must seek reinstatement after any Code of Conduct violation to regain eligibility and earn team awards.

1. The student must attend all practices/meetings and be present at all competitions while under suspension.
2. A request for reinstatement must be submitted by the student to the Principal or Athletic and Activities Director and the perspective coach(s). The request should include the understanding of why suspended, how to plan to remain in good standing, and the benefits for the student to return competitive performance.
3. Both the student and parent must resign the Code of Conduct contract.
4. The student has the option to address the team or club regarding the suspension verbally or written.

CODE OF CONDUCT VIOLATIONS SUSPENSION PROCEDURE

When an alleged violation of the code is reported to the school, the Athletic and Activities Director, Dean of Students, and/or a designee shall meet with the student. The student will continue to participate in co-curricular activities until this meeting is held.

1. Co-curricular code violations may be observed or reported by administration, faculty, parents, students, community members or law enforcement personnel. Suspected violations reported by school or non-school personnel may require a written report including the date, time, place, individuals involved, and the description of the incident. A form is available from the main office, district office or Athletic/Activity Director. Discretion is used when acting on anonymous tips, phone calls, or letters.
2. Once an alleged code violation is observed or first known to have occurred, it should be reported within 30 days from observation or knowledge of the violation. If administration deems the report to have been "*held on to*" for over 30 days, it may deem the report insubstantial.
3. The administration will meet with the alleged offender and investigate the charge. The administration will make a decision within a reasonable amount of time. The student, parents/guardian and coach will be notified of the consequences assigned for the violation.
4. In the event that the student admits to the allegation of a violation at this meeting, the co-curricular office shall impose the appropriate penalty for the violation as specified, effective immediately. The student and his/her guardians shall be given notice of the violation and the discipline imposed.
5. In the event that the student denies the alleged violation, the co-curricular office shall determine whether there is sufficient evidence to warrant further action. If there is sufficient evidence that the student has committed the alleged violation, the administrator or his/her designee shall impose the penalty for the violation as specified, which begins immediately. The student and his/her guardians shall be given notice of the violation and the discipline imposed and shall be informed of the opportunity for appeal to the Co-Curricular Code Appeals Committee.

CODE OF CONDUCT VIOLATIONS APPEAL PROCESS

Appeal Board

1. The participant always has a right to appeal the decision of the Administration regarding a code violation (the "Determination").
2. The purpose of the appeal process is to correct an error of the Determination.
3. To commence an appeal, the participant shall submit a written explanation of the grounds of his or her appeal (e.g., errors of the administration's decision, misinformation, new information, conflict-of-interest of administration member(s), etc.) to the Athletic/Activity Director within 72 hours notice of the student's receipt of the Determination.
4. Within 3 school days' receipt of a written appeal, the Co-curricular Appeal Board (the "Appeal Board") will conduct its review and issue its decision whether to grant or deny an Appeal Board hearing. The primary basis of the Appeal Board's decision will be whether there is any new evidence to merit an Appeal Board hearing. The decision of whether to grant or deny an Appeal Board hearing shall be the sole discretion of the Appeal Board and shall be final.

Note: The Appeal Board shall consist of the following:

- (i) School Board Member;
 - (ii) 2 Coaches/Advisors outside a sport or activity that the student participates; and
 - (iii) 2 students outside a sport or activity that the student participates.
5. If an appeal hearing is granted, the Appeal Board will determine a date and time for the Appeal Board hearing.
 6. The parents/guardian of the participant granted the appeal shall accompany the student to the Appeal Board hearing.
 7. The Appeal Board shall have the discretion to accept, reject or modify the consequences issued by the administration.
 8. Within 24 hours of the Appeal Board hearing, the Appeal Board will issue its directive to the Administration regarding its decision to stay, reject, or modify the decision of the Administration.

Superintendent

1. The participant may appeal the Appeal Board's decision to the Superintendent by submitting a written letter to the Superintendent within two (2) school days of the Appeal Board decision. The Superintendent may request additional information and may meet with the participant and his/her parents/guardian.
2. The Superintendent will review the Appeal Board record and meet with the investigative team of the Administration to determine the substance and validity of the evidence. The Superintendent shall have the right to modify the Determination consistent with any new findings.

The participant remains ineligible for competition during the appeal process.

Awards and Recognition for Activities

1. The advisor will determine the awards for their activity.
2. To qualify for an award, participants must complete the activity in good standing.
3. A senior activity certificate will be issued to seniors who are active in an activity their senior year if they qualify. A participation certificate is to be offered to any student that participated in any sport or activity provided they are in good standing.

Awards and Recognition for Athletics

1. The policy to earn a letter for each sport is developed by the coaches, kept on file in the athletic office, and presented to the parents and athletes at the parent/athlete meeting prior to the beginning of the individual seasons. There may be different criteria for different sport seasons.
2. An athlete must complete the season in good standing, for any awards for that season to be rewarded.
3. Awards will not be presented to any student with outstanding equipment or debts related to a given sport.
4. Athletes found in violation of the code will not be eligible for any post season awards for the season the suspension was served. This would include MVP, MVT, or any other school sport-specific awards, but does not include awards distributed by WUHS, such as major or minor letters or numerals.
5. 3 W Award: To obtain the 3W Award, an athlete must earn major letters in all three seasons (fall, winter, and spring) during a school year. This award may be earned in any or all years of an athlete's high school career. A letter for managing a sport will not be considered a major letter for the purposes of the 3W Award. The 3 W award is presented at the 3W banquet held in May.
6. All senior awards are presented to the athletes at the Senior Awards Night.
7. All award winners of senior plaques and 3 W's are encouraged to attend the individual ceremonies.

Awards for All Seniors After Their Season Has Ended

1. Senior Awards: To obtain a senior composite plaque, the participant must have completed a sport in good standing his/her senior year and earned a major letter. This award lists all major letters won during their high school career. A participation certificate is to be offered to any participant in any sport or activity provided they are in good standing.
2. Seniors who compete in an activity or sport in the fall and/or winter and then become inactive must adhere to the code until their graduation. If a participant violates the code after his/her season, they will not be eligible for the senior composite award certificate and plaque unless reinstated.
 - a. Reinstatement to good standing can be accomplished by performing some service to the school through agreement with the administration. Some examples of school service include working at track meets, working in the concession stand, working with activity advisors or coaches during the off season, or any other related services that may be available.
 - b. The participant, the administration, and the advisor/coach will agree upon the length and number of required workdays before the penalty is served. A first violation will result in eight hours and a second violation will result in sixteen hours of community service.
